

SAGE Seminar Series is coming to you!

A FREE TRAVELING EDUCATION & TRAINING SERIES FOR INDUSTRY PROFESSIONALS.

8:30am - 9:30am

How to effectively integrate all SAGE products in your business

Integrating the SAGE suite of products can save you time, money, and make your business more efficient overall. It will run through research, website, and print products available at a high level.

9:45am - 10:45am

Learn how to get the best results in using SAGE Online

In-depth training on how to effectively use SAGE Online in your day-to-day business. From getting more accurate search results to creating professional presentations for your clients, this session will give you better value for your clients as far as what you give them, and how you give it to them.

11:00am - 12:00pm

How to make your website work for you using SAGE web products

Make your website work for you with the SAGE suite of web products. In today's rapidly changing technology landscape, this session will teach you how to effectively manage a dynamic, e-commerce enabled website that your customers can use for their own research as well as get ideas for new opportunities.
